

Exhibition at Ballasalla Village Hall April 15th-18th 2022

Please complete and return this form listing items you wish to exhibit to give us an idea of what is available, even if it isn't finished yet as it's easier to delete items than find room to add them. Don't be backward in coming forward thinking yours isn't good enough – it is and they all look wonderful when displayed!!!

Only items that haven't been exhibited on the island before please.

For each item, give the title, type of item (cushion, bag, wallhanging etc) approx. size (in inches!!!) a short description to be put on the display card and whether it is for sale. If it is for sale, please put the price (including 10% for Mannin Quilters).

As we will be having the Biosphere hangings on display, please limit yourself to one big quilt plus workshop and smaller items – we will do our best to display everything.
